

Hunger has
doubled on the
Connecticut
shoreline

Since 2004, Gowrie Group has raised more than **\$1.8 Million** to benefit SSKP.

Help Gowrie Group Raise \$200,000 to Benefit The Shoreline Soup Kitchens & Pantries

Due to the COVID-19 pandemic, food pantries across the country, including here on the shoreline, are reporting a doubling in demand for food services. To help our neighbors in need, **Gowrie Group is launching our 17th Annual Gowrie challenge with a \$60,000 donation – doubling our past support.** Our Partner Sponsors have also stepped up their contributions. Together we are offering \$100,000 in matching funds to double the impact of your donation. Please give generously and consider doubling your support.
